For five years, the Best in KLAS Awards Software & Services Report has recognized VisualDx as a Category Leader in Clinical Decision Support: Point of Care Clinical Reference.

Trusted by physicians and nurses all over the world. Used at 1,600 institutions and over 50% of U.S. medical schools.

"VisualDx is a useful and powerful tool – a must-have software for all general practitioners. VisualDx gives me the information I need at the point of care to avoid misdiagnosis and avoid unnecessary tests and prescriptions. By simply entering a patient's findings, I can quickly see what other symptoms to look for, what questions to ask, and it quickly guides me to a differential diagnosis right in front of the patient."

— **Dr. Michel Arnould, MD**, Family Medicine Physician

Decision support beginning with a chief complaint across general medicine

Accessible anytime, anywhere. Available on computer, tablet, and smartphone.

Integrates into the electronic health record that helps clinicians make confident, accurate diagnoses.
