

Save up to **80%** on prescriptions

About the Program

Powered by:
RxSpark

What is Henry Schein Pharmacy Discounts

Henry Schein Pharmacy Discounts is a prescription savings platform designed to help consumers easily save up to 80% on their prescriptions at over 62,000 pharmacies. Unlike many other pharmacy savings programs, it also shows consumers exactly where to find the cheapest medications.

The platform offers:

- ✓ Savings of up to **80%** (avg. 54%) at **62,000 pharmacies**
- ✓ A **comprehensive search of drugs and conditions** to find the cheapest prices
- ✓ A **rewards program**, where users can earn points from their purchases and those of their friends
- ✓ **Social sharing**
- ✓ **Education** on conditions, drugs and their side effects
- ✓ A **'My Health' portal** for information, refill alerts and points redemption

The program is available online or on the App, making pharmacy savings quick, easy and convenient.

Is there an App to download? Or a website?

Both! Users can download the Henry Schein Pharmacy Discounts App from the [Apple App Store](#) or [Google Play Store](#), or can use the Henry Schein Pharmacy Discounts [website](#).

How do patients use the App?

Once you've downloaded the Henry Schein Pharmacy Discounts App, simply type your location (or turn on GPS) and enter the name of the drug. You can then enter any specifics (dosage, count, etc.), click "Search" and prices from local pharmacies are displayed. From

there, you simply select the pharmacy that best fits your pricing needs and click "Voucher." You will show this voucher at your pharmacy to pay the displayed discounted price.

Watch a [short](#) or more [detailed video](#) for more information.

Why do patients need a pharmacy savings program?

Prescription costs continue to rise in the US, resulting in 4 out of 10 prescriptions going unfilled. The Henry Schein Pharmacy Discounts platform can save users up to 80% on their medication expenses, improving fill rates and driving healthier outcomes.

How does the program benefit providers?

Access to prescription savings can reduce abandonment by 20%. With reduced prescription abandonment, practices will experience better health outcomes for their patients, improved patient satisfaction from those saving money using the Henry Schein Pharmacy Discounts App, and may avoid penalties for repeat visits.

How much does the Henry Schein Pharmacy Discounts platform cost?

The platform is free! Neither the practice nor the end user pays to use the Henry Schein Pharmacy Discounts platform.

Which patients can save money?

The Henry Schein Pharmacy Discounts program provides savings on cash purchases of prescriptions. It not only benefits patients who are uninsured, but also insured patients with high deductible plans or plans where the prescribed drugs are not covered by insurer's formulary, and patients where the co-pay for their medication is higher than the discounted cash price.

Helping Your Patients

How can I share Henry Schein Pharmacy Discounts with patients?

There are 3 ways you can share Henry Schein Pharmacy Discounts with your patients:

1. Put up marketing material in your waiting and examination rooms, so patients can learn about the program and download the app;
2. Front of house staff can highlight the app to patients when they check in and help them download the app using our handy Value Card. You can even make it part of the registration process;
3. When in the consulting room, doctors can encourage patients to search the App for the medications they are prescribing. This helps patients get the best price, and ensures prescriptions are sent to the right pharmacy first time.

Where can I get marketing materials?

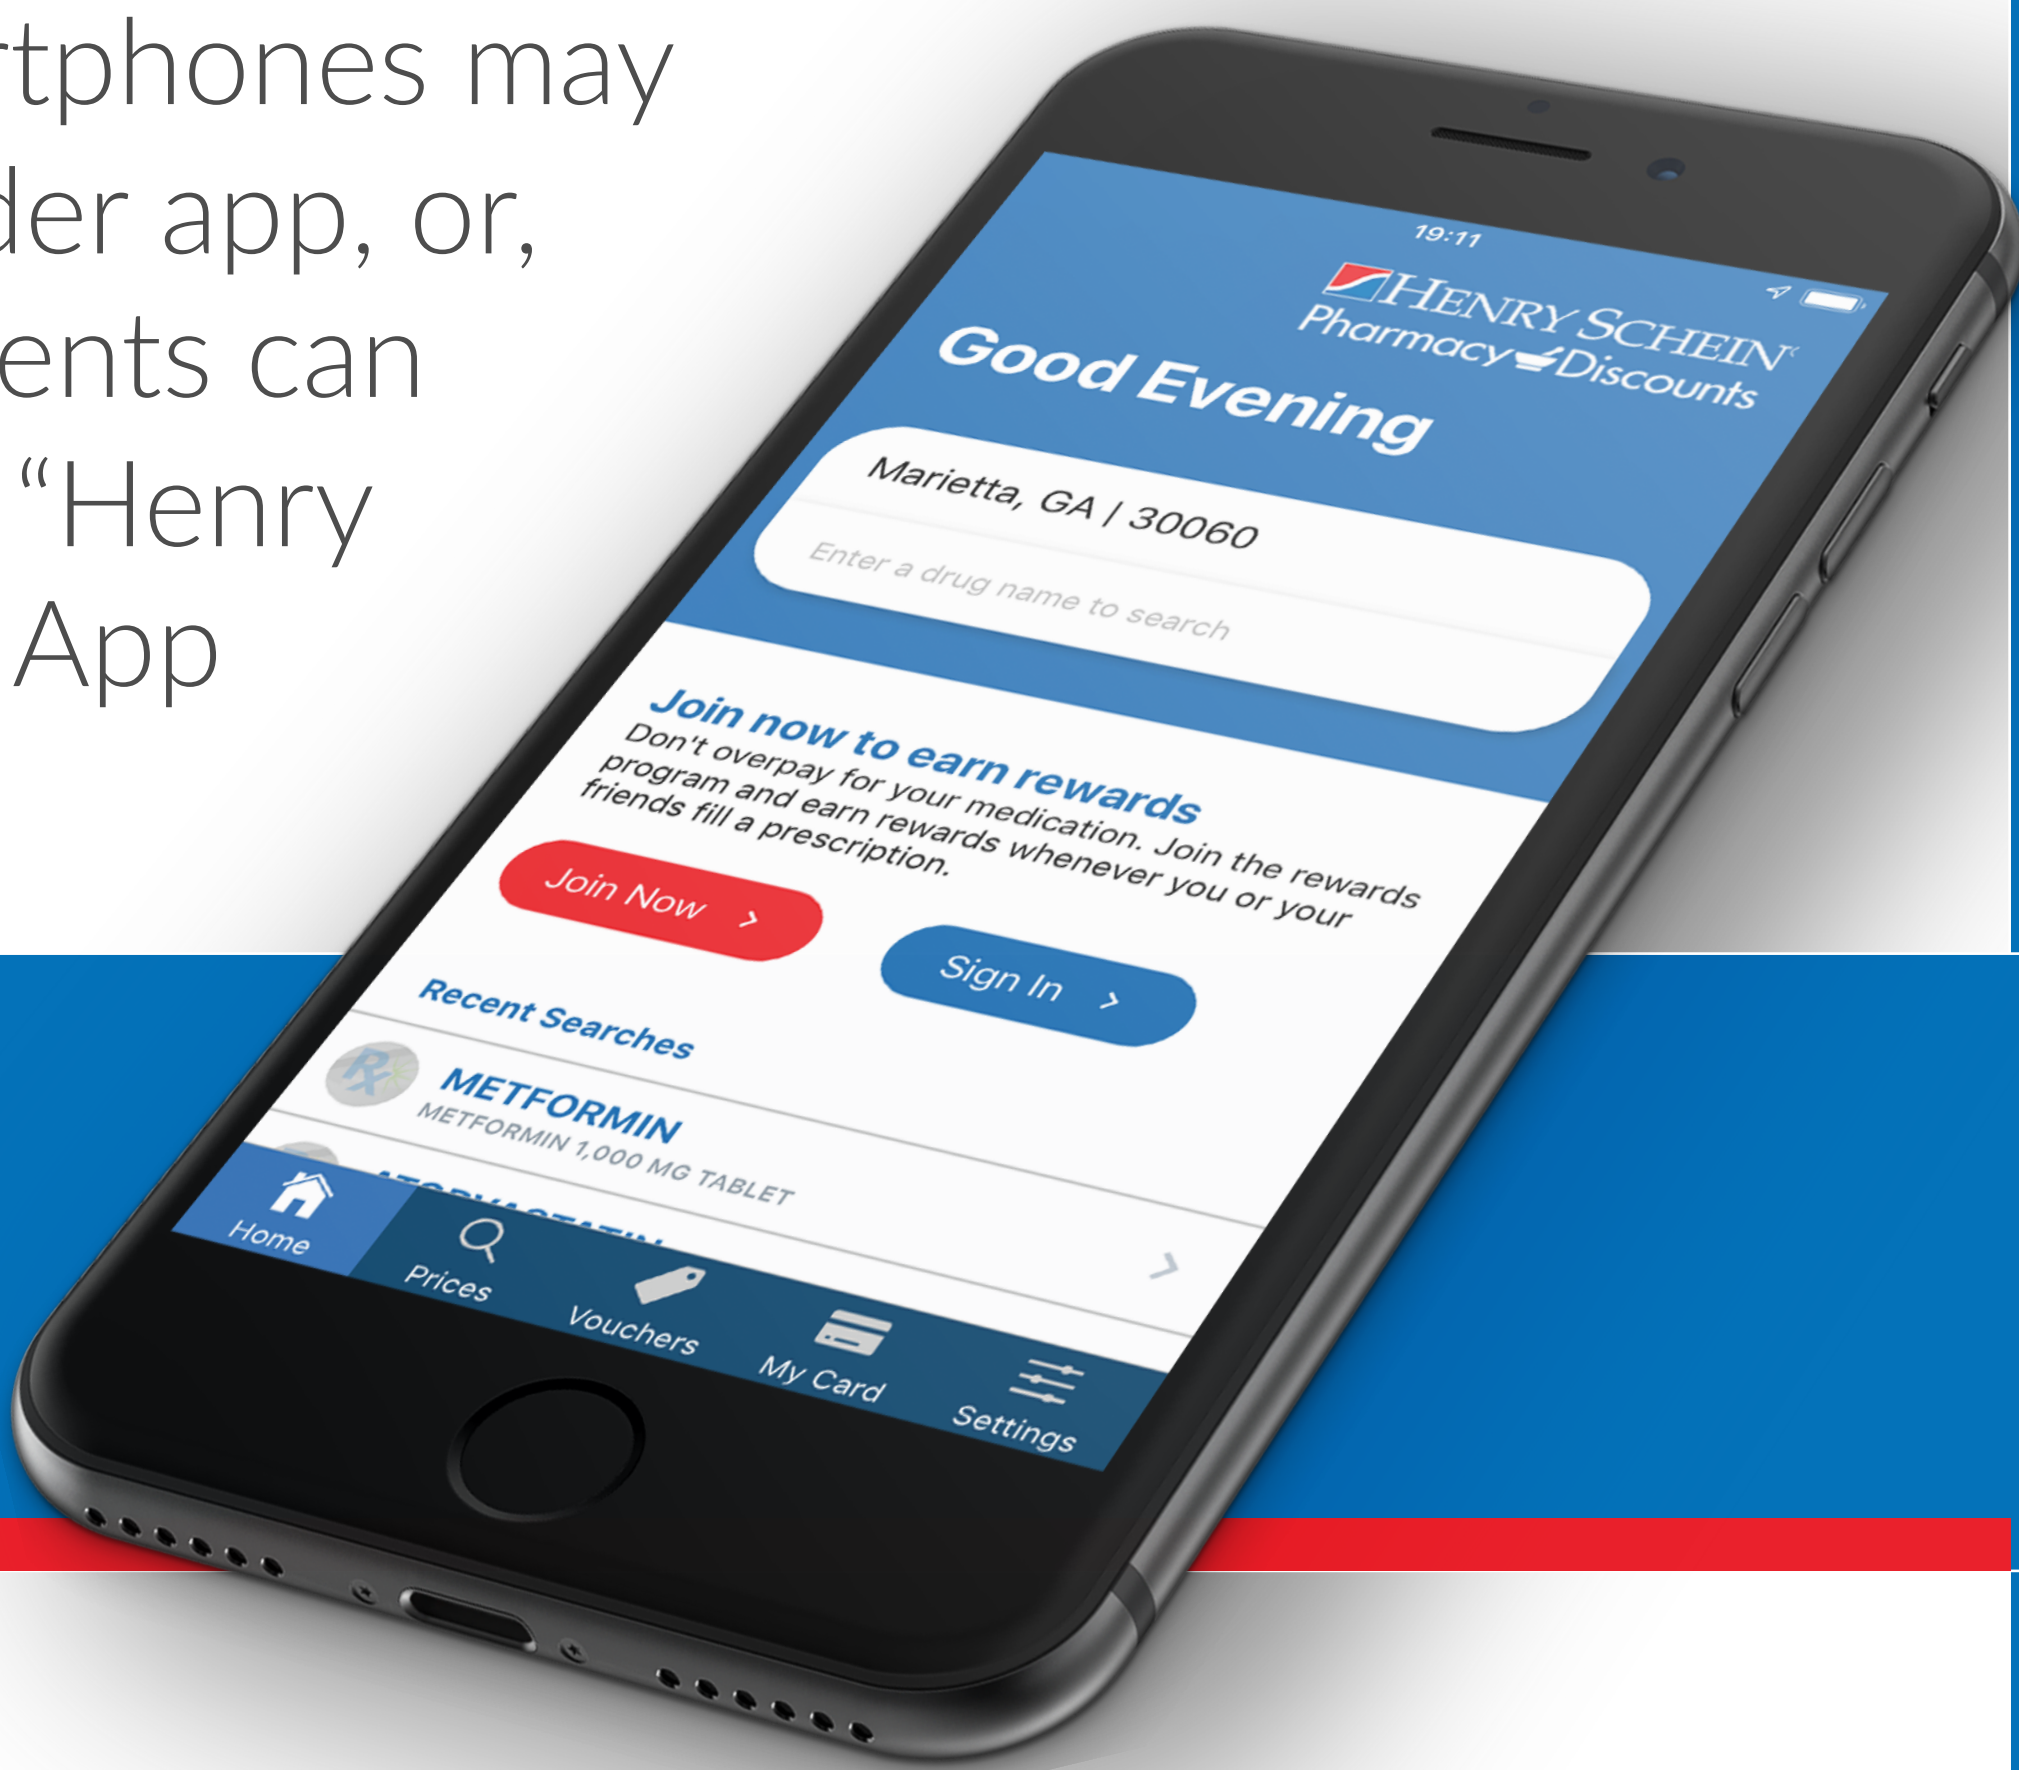

Your Henry Schein rep has access to marketing materials and can bring these with them next time they visit. You can also download and print posters, value cards and discount info slips [here](#).

How do patients use the QR codes to download the App?

Our convenient QR codes help patients quickly find the App in the appropriate app store.

1. **Open the Camera app** on your iOS or Android device
2. **Focus the camera on the QR code** on the Henry Schein Pharmacy Discounts poster or other marketing material
 - The smartphone will automatically read the code and generate a pop-up with a link
3. **Tap on the pop-up** to go to the relevant App Store
4. Tap **GET** in the Apple Store or **INSTALL** on Google Play
5. **OPEN** the App and Register

Note: Older smartphones may require a QR reader app, or, alternatively, patients can simply search for “Henry Schein Rx” in the App Store.

Patient Data

Is patient’s data safe?

Yes! We keep all information about prescription fulfilment in a HIPAA (Health Insurance Portability and Accountability Act of 1996) compliant vault and is used in line with our [Privacy Policy](#).

Can patients access their data?

Patients who register with the Henry Schein Pharmacy Discounts program can view information about their own purchase history and set refill reminders for repeat prescriptions in the My Health portal at [HenryScheinRx.com](#).

Can providers access information about their patients?

We are currently developing an analytics page for providers to access information about the use of the Henry Schein Pharmacy Discounts program by their

patients. This information will be at an aggregated level and anonymized to protect patient privacy, but will include information around prescription fulfilment and common drugs.

Please contact us if you have any suggestions for the analysis you would like to see.
