

Your staff spends too much time calling patients?

Klara helps reduce time spent on the phone, create a better patient experience and make more patients come in and come back – generating more revenue for your practice.

up to **3^h**

saved per day per staff using Klara

92%

say: "it helps us deliver a great patient experience"

85%+

patient adoption in an average Klara practice

Reduce

unnecessary phone calls giving patients easy access through website messenger, online-scheduling, voicemail & textable number

Digitize

staff workflows via secure messaging, video visits, eForms, insurance card requests, and team collaboration

Automate

patient outreach with automated reminders, intake, instructions, no-show engagement, follow-up via real-time EHR/PM integration

Erin Deane
Connecticut Dermatology Group

Our patients love it, they just love it. It really has streamlined so many areas, for the nursing staff, for our front desk... I can't imagine it not being in our office.
