

# Pharmaceutical Recovery Services

HealthFirst Environmental has partnered with Reliable Pharmaceutical (RP) Returns to provide you with a smart, compliant, and economical way to manage your non-controlled and Schedule II-V controlled substances using DEA compliant mailback services. No contracts required!

## Here's how it works in 6 simple steps

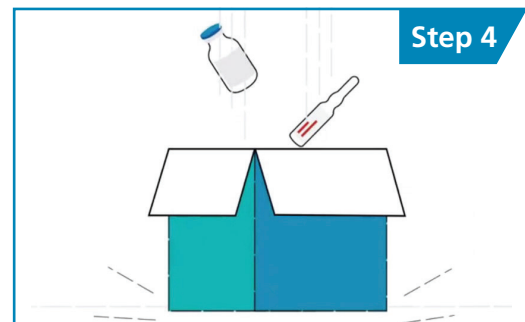

Purchase one of our mailback return boxes (1,5,10 Gallon sizes available)

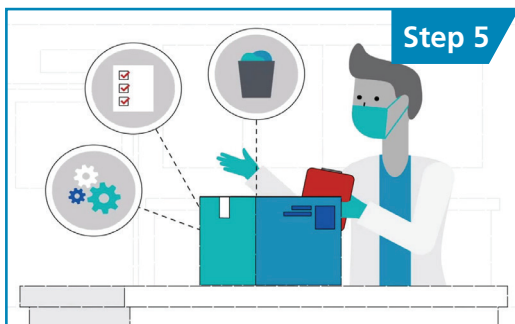

Sign up for a new account at:  
[www.healthfirst.com/rpreturns-signup](http://www.healthfirst.com/rpreturns-signup)

Once you receive your new login information, use the online interface to inventory all pharmaceuticals being returned and print DEA compliant manifests.

Fill the return box with your pharmaceutical materials and printed manifests. Securely seal the box and give to UPS for return shipment.

Once received, RP Returns will provide processing, compliance reporting and final destruction services

Use the RP Returns online interface for full reporting on all return boxes processed.
