

# Continuous Air Purification for Your Facility.

## ActivePure® Surface & Air Guardian Provided by HealthFirst®

The ActivePure Surface & Air Guardian is designed to work in any indoor space. Once plugged in and powered on, it continuously and efficiently purifies the air of the targeted area. Each unit covers 500 square feet, but multiple units can be installed to cover larger spaces.

## Features & Benefits

- ActivePure Technology is safe for use in spaces occupied by people and pets
- Provides continuous air purification in real-time 24/7
- Reduces airborne contaminants, allergens, dust, and odors
- Combines multiple complementary technologies, including positive and negative multipoint and RF ion generation, HEPA, and activated carbon
- Plug and play portable solution with no installation required, low maintenance and light weight
- Covers up to 500 square feet
- Energy efficient
- Filter replacement every six months and cell every 12 months

## How it Works

- ActivePure Technology uses light waves and a catalytic process to produce super oxide molecules and hydro-peroxides that destroy contaminants in the air
- Advanced ActivePure Technology continuously purifies the air

## Can Be Used in Any Indoor Space

MEDICAL FACILITIES

DENTAL OFFICES

LONG-TERM CARE  
FACILITIES
