Healthcare Practices save an average of \$2,500 per year

MedPro Disposal was founded to address a common complaint across all industries dealing with medical and bio-hazard wastes: They loved their service but hated the cost. To combat rising costs in the industry, we created MedPro Disposal for business owners like you who need great service to help your business run smoothly, but don't think something as simple as waste should cost an arm and a leg. Let us manage your medical waste so you can focus on what matters most, your patients.

Pharma Waste Disposal

MedPro Disposal's Mail Back Pharmaceutical Waste Disposal Service makes it safe and easy to adhere to waste disposal requirements. It keeps potentially dangerous pharmaceuticals out of landfills and harmful drug residues outside of the water supply.

Sharps Disposal

- The MPI Sharps Solution offers a simple process that's been refined so you can quickly mail us your sharps and receive a replacement container. With the industry's leading insurance policy and trusted A+ BBB rating, you can be sure to save money and remain safe and compliant.
- MedPro's red sharps disposal containers come in several handy sizes including 2, 5, and 18-gallon containers. Each leakproof, puncture-resistant container comes with a prepaid mail-back shipping box, reducing waste disposal costs by as much as 50%.

Data Destruction

Our convenient and eco-friendly destruction services are designed to fit your needs and help keep you compliant!

- 🕒 **SAVE TIME**
With pre-scheduled services, employees can place documents to be destroyed in secure receptacles instead of using slower office shredders that constantly jam.
- 📄 **SECURE DESTRUCTION**
Unlike shredders from the office supply store, all documents are rendered destroyed beyond repair. You are provided with a certificate of destruction.
- ✓ **COMPLIANT WITH FEDERAL REGULATIONS**
A complete audit trail is provided for all document shredding and storage services to remain HIPAA-compliant before, during, and after destruction.

Rx Formulary Manager

The new MPI's Rx Formulary Manager powered by Bird's Eye is the only cloud-based formulary platform that can instantly filter 82 district data points from any National Drug Code (NDC).

In simple terms, the Rx Formulary Manager can quickly and accurately identify DEA controlled substances, and hazardous and non-hazardous medications, ensuring that your practice is always up-to-date and compliant with federal and state regulations. In addition, it gives customers access to an easy-to-read medication summary, including waste classification and disposal instructions.

MPI: Compliance Solution

With an ever-changing landscape of rules and regulations, we understand the challenges of staying compliant. You need a simple, cost-effective solution that protects your practice, employees, and patient.

The MedPro Disposal Solution is an easy-to-manage, compliance-focused solution that allows healthcare providers to spend less time worrying and more time on what matters most, their patients
